A COLD-BLOODED MURDER. - After we had gone to press with our last issue, one of the most exciting occurrences witnessed in our city for many years happened at the court-house. John Taney, who had been arrested, and was being tried at the courthouse on suspicion of having killed John Edwards, whose assassination we reported about two weeks since, was shot down by a preconcerted attack of several men, while he was in the custody of the Sheriff of Travis county. The morning session of the court had been held, and the prisoner was about being taken to jail till after dinner, when a gang of some eight or ten men, who had been in attendance on the trial, came up, and one of the number, Jesse Graham, reached out his hand and said "How do you do, Taney? and jerked him from Sheriff Blackwell, and the men with him discharged a velley of shot We confidently recommend, as the most permaat Taney. Blackwell had only a couple of small Deringers with him. He fired with one and shot Graham, who made off, exclaiming " By God he's got me." The Sheriff, when in the act of discharging his second pistol, was caught by one of the gang and held. Taney was then finished with balls to the number of 13 or 14. About twenty-five shot were fired at him, and the parties then rushed to their horses, which were tied close by, mounted and made their escape. The Sheriff, assisted by Messrs. Cullen, Norton, Hancock and other citizens, arrested Parson Milton T. Caperton, and his son Reuben, and put them in jail. They have since been tried, and the Parson bound over to the next term of the District Court, in the sum of \$5,000, and the son remanded to the county jail to await his trial. C. S. West, esq., appeared as attorney for the State, by appointment of Judge Tirrell, and Shelley and Freeman for the defendants. Taney was a young man who had become, from force of circumstances, desperate and abandoned .- Austin (Texas) Intelligencer, 25th ult.

Breach of Promise Case.—The Supreme Judicial Court of Lowell on Tuesday of last week awarded \$3,000 damages to Miss Sarah H. Travis, a young lady of about twenty-five years of age, the daughter of a wealthy farmer of Holliston, Mass., who claimed to have been deceived and disappointed in a promise of marriage by a widower of fiftyone, named Abel Pond, a resident of the same place, who had won her consent to a speedy union, by pointing out to her the adcantages of marrying a man of his wealth and influence, even though old, in preference to a younger one without money.

The defendant, admitting the contract. and the breach of it as charged, and the plaintiff's excellent character, contended that plaintiff could have no object, in marrying a man of his years, who was fast verging upon old age, and whom she would have been obliged to nurse and take care of during his decline; that she could have made more money in nursing at a hospital, and that therefore it was a bad bargain for her, and no injury, but rather a benefit to be released from it.

Pending the suit the defendant married a voman who but one year before had been divorced from a former husband

CLERICAL FOX-HUNTER KILLED .- We regret to announce the sudden death of Mr. Marcus R. Southwell, an English gentleman, from injuries received from a fall while returning from hunting on Monday last .--Mr. Southwell, who was formerly a chaplain continent for about a year, and had lately arrived here on a visit to Capt. Earle. On Monday he went out with the Montreal fox hounds to Point Clare, on a mare recently purchased by Capt. Earle and unused to hunting .-While returning, about I o'clock, in company with Messers. Daly, Alloway, and other perfectly available form, ready food for the plant members of the hunt, he rode at a low fence, which the mare, unused to leaping, stumbled over, falling on her head and rolling completely over, crushing the unfortunate genmediately by his companions, in an insensible state, and removed to a house in the neighborhood, and medical assistance procured. At first the injuries appeared to be slight, but soon afterwards he commenced vomiting blood, and it was apparent that he had received some severe internal injury .-From this time he sank rapidly and died at midnight .- Montreal Advertiser of May 3.

The present water-works of Paris have been erected at a cost of three millions of dollars, and are capable of furnishing thirty | plication. millions of gallons daily. It is now proposed to construct an aqueduct from the Somme-Soude at a point between Epernay and Chalens-sur-Maine, a distance of nearly 124 miles. This, with the necessary reservoirs, will cost nine millions of dollars. It will furnish about twenty millions of gallons per day, and the reservoir will contain twoand-a-half days' supply.

A Rome correspondent of the "Providence Journal," speaking of visiting the studio of the late Mr. Crawford, says:-"The artist is gone, but his works still stand in their places. almost as they were left when fell the stroke which cut him off in the manhood of his genius and his years. At the moment very | which they will be found prepared always to furlittle is changed. Various works are in | nish on the most accommodating terms. process of finishing, and when that is done the collection will be dispersed and the studio pass into other hands."

Letters from Florence state that King Victor Emmanuel was received at the doors | Horse Powers and Threshing Machines. of the Cathedral by the Archbishop and clergy, the former of whom himself commenced the chant of the Te Deum in celebration of his acrival. This does not look much like excommunication. Next day the Prelate and clergy waited upon him, and a deputation from Rome presented him with a sword | Herds Grass Seed, &c. of honor, subscribed for in that city.

Allen Groff, a negro belonging to Mr. Absolom Cline, of Maryland, and one of the two fugitive slaves from that State who were captured in New York last week, was sold immediately upon his arrival in Baltimore county, for \$1,300. The other was taken home by his owner.

Our reports from those who applied the above FERTILIZER to their crops last fall, are highly satisfactory-so much so, indeed, as to convince us that our Soluble Phosphated Perucian Guano will ere long be altogether used in this section, as a substitute for the Peruvian Guano, which, without the addition of Phosphates, tends rather to exhaust than permanently improve the soil.

LUBLE PHOSPHATE OF LIME, Potash, Sola, and Magnesia, forming the most concentrated and durable FERTILIZER ever offered to the Farmer, combining all the stimulating properties of Peruvian Guano, and the durable fertilizing properties of Ground Bones—supplying an abundance of Ammonia for any crop and all soils, and in the Crimea, has been travelling on this in a perfectly fixed condition-not volatile, and passing off with the first crop as with Peruvian and other Ammoniacal Guanos, but stimulating the crop to which it is applied, and all succeeding ones, giving to poor, worn out and unproductive soils, new life and vigor.

It furnishes to the soil Soluble Phosphate of at once; a fact of great importance to the Farmer; as the immediate action and efficacy of all manures, depends entirely upon the solubility of their Phosphates. Farmer. The EXCELSIOR also supplies to the soil, Potish, Soda, and Magnesia, which are extracted from it in the growth of all plants; and must be returned, or the soil will become impoverished and exhausted, notwithstanding the application of Guano and other Manures deficient in Alkalies. This article has been tested for several years past with Peruvian and other Guanos, and now ranks with those who have used it, as a first class Manure for any crop common to this region. The subscriber will render his services as Auctioneer in the making of sales for Commissioners, Trustees, Administrators, &c , for a stipulated sum, to be agreed upon; also for cargo sales, after securing the per centage to be paid to the State and Corporation. This mode is much fairer than the usual plan of selling for a commission on sales-and it practicable under the recent license law. Parties will know exactly what amount they will have to pay for services rendered. Sales of merchandize will be made at his store. No. 88 King street, at reasonable rates. ALEXANDRIA BREWERY. HE undersigned is now manufacturing, at his BREWERY, Corner of King and Fayette Streets,

Superior qualities of PALE, AMBER, AND CREAM ALES, to which he respectfully invites the attention of his friends, and the public. Having an experience of over 20 years in the business, and posses sing extensive manufacturing facilities, he flatters himself that his ALES will compare favorably with any manufactured, either in or out of the State of Virginia. If necessary, he could fill columns with the

many flattering testimonials he has received with regard to the superiority of his ALES, from the press and the public; but he prefers that his ALE shall speak for itself. By a strict personal attention to business, and a determination to manufacture nothing but a superior quality of PURE ALE, he hopes to merit a share of public patronage.
